To whom it may concern:

I am writing to recommend Nighthawk Marketing, whom I have worked with for 6 years, as a highly-skilled and responsive website design and development company. Nighthawk has designed and developed our current website, provided user-experience research, web consulting, and maintenance support. I consider them a trusted partner in supporting our business online.

In our work together, Nighthawk has taken the initiative to learn our business and deliver an outstanding website product. Many times they go beyond simply fulfilling my requests, in that they suggest improved solutions that I may not have considered.

I feel confident that Nighthawk would be a valuable asset to your organization and I give my highest recommendation. If I can provide any further assistance, you may contact me at the email or phone number listed above.

Best Regards,
